Subject: Covance PA 19 Law Comments attached

I have attached the law department's comments on Covance Project Agreement No. 19. As we discussed, and the one comment that is not really reflected in the draft, is that the budget summary and payment schedule need to more closely track each other. The budget summary seems fine to me, it is the payment schedule that needs to more closely reflect the actual deliverables under the agreement. Please feel free to call if you have any questions.
